

Convener's Report

0007-02 (All Project Editors) -- Submit current copy of their document source to Keld Simonsen for archiving on the restricted WG15 web site. This is an archival copy only. The Project Editors retain responsibility to manage the source of their documents. (rolled over from 9901-12, 9907-05)

This action item remains difficult to close as many project editors don't have the sources or are unable to recreate the documents from the data they currently retain.

0007-04 (Convener) -- Create a new Standing Document (SD-7) which is cross reference table of Project Editors and required archival documents. (rolled over from 9907-12)

Done: email [N832]

0007-05 (Convener) -- Submit an updated copy of the SD-3 (Issues List) for posting on the WG15 web site. (rolled over from 9907-18)

Done: email there are still two issues to be completed.

0007-12 (Convener) -- Contact Mssrs. Aaronson and Hedquist to locate copies of the missing documents needed to close A.I. 9907-01. (rolled over from 9907-14)

Done: Contact has been made although have not obtained all the source documents.

0007-13 (Convener) -- Develop a template for project editor reports and to send this to all editors and request its regular and timely completion as a standing procedure.

Done: Sent to the editors [N824].

0007-14 (Convener) -- Follow-up with SC22 on the registration of the POSIX locale and narrative cultural specification (WG15 N785) with ISO/IEC 15897. (rolled over from 9907-33)

Done: Request sent to SC22

0007-22 (Convener) -- Determine the process to be followed for TRs and ISs which are now four or more years old, e.g. does 14252 need to be reaffirmed and if so what action, if any, does WG15 need to take to make this happen.

Open: The process ins that JTC 1 notifies the relevant subcommittees of all documents that are timing out for whatever stage of the process they are currently in. TRs and ISs have a five year life and typically the committee what for notification and then take the appropriate action.

0007-23 (Convener) -- Initiate a letter ballot on or about November 1, 2000 to cancel the scheduled February 2001 meeting.

Action was not completed.

0007-24 (Convener) -- Request SC22 to suspend action with respect to P1003.1g and request that this document not be forwarded as previously requested.

Done: Informed SC22 that this document was not being pursued within PASC although SC22 will take no official action until is required.

0007-26 (Convener) -- Request that SC22 grant one year extensions for work items 22.41 (IEEE P1003.2b Additional Utilities) and 14766 (IEEE P1494 Guide to POSIX National Profiles and Locales).

Done: This request for work item 22.41 was made at SC22 and approved (SC22 resolutions Resolution 00-18). The extension for 14766 was made but since the request for a ballot had been received by SC22 it was decided that the request was unnecessary.

0007-27 (Convener) -- Forward to SC22 the following documents:
22.21.04.01.01 (IEEE P1003.1j/D10 Advanced Realtime Extensions) for DAM ballot

22.41 (IEEE P1003.2b/D14 Additional Utilities) for DAM ballot
14766 (P1494/D5 Guide to POSIX National Profiles and Locales) for PDTR Registration
22.21.04.01 9945-1 (IEEE 1003.1/D4) for concurrent CD registration and FCD ballot.

Done:

0007-29 (Convener) -- Request a sub-division of WG15's programme of work as per resolution 00-432

Done: SC22 approved this request (SC22 resolution 00-17)
